John,

I'm not sure if you heard from Bob on this. He is already out of the office on travel status so he might have seen your message before he left. I will try to contact him and tell him that you have requested this information. I know he has preliminary VOC information but not metals. I will ask him to send these to you.

Bob

Could you provide us with any analytical results that EPA has received associated with recent sampling activities at the Tower Standard site prior to our meeting tomorrow. Thank you in advance for your cooperation.

We are committed to service excellence.

Visit our survey at <http://dnr.wi.gov/customersurvey> to evaluate how I did.
